Vision Assistance Program

We provide your Eye Examination

Only when it is scheduled by us after your application and all information requested is received and approved

We provide your Frames

From a selection provided by us

If you don't choose frames from our selection, then you pay the optical department directly for the frames

The use of old frames will void any warranty

You pay our wholesale cost for your Lenses

You pay a \$25 non-refundable deposit which will go towards the cost of your lenses

The more options you add such as bifocals, progressive, lenses coatings will dramatically add to the cost of your lenses

The balance due for your lenses will be collected when your glasses are delivered
